The loss of Lemberg deprives the Russians of their last strong sup-porting point on Galician soil. The moral effect of the occupation also will be considerable. BUCKEYE BAND BOYS ENTERTAIN MANY VISITORS

The members o the Buckeye band are certainly to De ommended for the oyal manner in which they entertained the visiting musicians today

The band boys, entirely at their own expense and without any financial assistance whatever entertained over 300 visiting musicians at their band room and club headquarters in West Park Place.

An excellent luncheon, consisting of everything good, was served by competent waiters. There were sand wiches of all kinds, meats, cheese and vegetables. Refreshments were also handed the visitors and the Buckeye boys kept open house all afternoon They will also keen their club rooms open for the visitors as long as any remain in the city.

Newark should feel proud of its band. Some day possibly the city will awaken to the fact that a live musical organization is one of the community's best assets. The Buckeye band, with the proper encouragemen: can do for Newark what the Grand Army band of Canton, Bauer's and Seventh Regiment band of Zanesville Belestedt's band of Cincinnati, Second Regiment band of Tiffin Big Six band of Springfield, and other noted bands bave done for their cities in the way of getting them much publicity over

Now, let's some of us get together and give these boys a Lenetit of some kind. Are they not deserving of

FORMAL ANNOUNCEMENT OF AP-POINTMENT OF NEW SECRE-TARY OF STATE

s Made by President Last Night, and All Foreign Governments Notified Today,

IASSOCIATED PRESS TELEGRAM

Washington, June 24.—The United States government today notified ah foreign governments of the appointment of Robert Lansing as the secretary of state. Notice was also sent to all diplomatic and consular representatives of the United States in foreign countries. Mr. Lansing took the oath of office today as the successor to William Jennings Bryan. High officials, diplomats, and close friends were on hand to witness the ceremony and to extend their congratulations. Formal announcement of the selec-

tion of Mr. Lansing was made by President Wilson before his departure last night for New York. A White House statement said that the post House statement said that the post had been tendered to Mr. Lansing and that he had accepted. Mr. Lansing had served as secretary of state and had secretary of state and had served as secretary of state and had secretary of s had served as secretary of state ac interim since June 8, when Mr. Bryan resigned. He had been counsellor of the state department for more than year.

One of President Wilson's last oficial acts before he left last night was to sign Mr. Lansing's commission giv ing him a recess appointment. His nomination will be sent to the senate upon the reconvening of congress, it is not believed that his confirmation will be opposed. The president's action in naming

Mr. Lansing for secretary of state came in for widespread commendation here today. In all quarters satisfac-tion was expressed. Mr. Lansing's appointment did not come as a surprise as it generally had been expected. The cabinet was a unit in favor of his selection and many or the president's close personal friends had urged it.

Former Secretary Bryan, although not consulted, is said to have hoped for Mr. Lansing's promotion. He returned late last night from Asheville, S. C. but would make no comment or Mr. Lansing's appointment, except to say that he would send his congratulations today The new premier of the cabinet is

generally regarded as peculiarly fitted for his important post, because of his long training in the intricacies of diplomacy, his grasp of international affairs, and skill in handling them Mr. Lansing is a recognized authority on international law and is intimately acquainted with the details of his department. He has drafted many of the most important state documents in connection with the pending negotiations with Germany and Great l Britain.

This small room, 14 1/2 x 9.10 inches, was the first room plastered in Granville, the ceil ing is arched into the attic, being 18 inches higher in the middle than at the sides, which are six feet and a half high; the open fireplace and entrance are in the west end, and the one window of twelve lights, 8x10 in the east, and this was covered on the inside by a heavy wooden shutter. The room is wainscoted to the

height of nearly three feet, and floors and wainscoting are of walnut boards split out of logs, hewed and planed smooth. The house is now he property of the Chi Psi Sororiti of Shepardson College.

Meetings of the lodge were held there until 1823-4, when the upper story of "the old brick Schoolhouse" was fitted up for this purpose; this story was probably built at the cost of the brethren. A keystone, carved with a quaint design of "the sun in his splendor," taken from over the entrance stairway is still preserved in the present lodge room, and is perhaps the only existing relic of

the hill at the head of Main street. In January, 1813, the Most Worshipful Henry Brush, Grand Master, and James Kilbourne, Deputy Grand Master, issued a charter, constituting a regular lodge of Free and Accepted Masons, by the name of Center Star Lodge No. 11, in Granville, Lick ing County. Ohio."

The first Master was the Worshipful Job Case, the first candidate initiated was Hiram Rose, the first report was made to the Grand Lodge in 1810-11, and as early as 1815 the number of brethren had increase ed to 47.

The lodge met regularly in "The Masonic Hall," as the upper part of the school building was generally called, until 1826-7, when, like many other lodges in Ohio, it suffered severely from the then prevailing persecution of Freemasonry and its ad herents. In 1836 the lodge had almost ceased to exist, although meetings of the brethren were occasionally held on the wooded hills in the vicinity of the town.

In 1849 or 1850 the craft again took heart, and on Tuesday, Oct. 29 1850, assembled for regular Masonic work, as the following extract from the minutes shows:

"Whereas. The lodge known as Center Star Lodge, located in Granville, County of Licking, State of Ohio, was suspended for the benefit of Masonary by the mutual consent of the members composing said lodge. that fact being made known to the Grand Lodge of Ohio by Brother Ralph Granger, a delegate to said Grand Lodge, and upon petition of Simeon Reed. At this meeting a committee, con sisting of the Worshipful G. L. Salusbury, R. Granger and A. E. Rogers were appointed "to select and enact By-Laws for the government of the Lodge," and "to procure a book in which to record the proceedings of the Ledge." It was at this time also agreed that regular meetings should be held "on the Thursday preceding the full moon.

Putting the "Eat" in Whole Wheat

The whole wheat grain is without doubt the most perfect food given to man. But you don't want to eat raw wheat-it would be imperfectly digested if you did eat it. Whole wheat bread made of so-called "whole wheat flour" is not much better. It serves to stimulate peristalsis (bowel movement), but the body gets little or no nutriment from it. All the nutritive elements in the whole wheat grain are supplied in a digestible form in

"AD" MEN ELECT OFFICIALS AT FINAL SESSION

Chicago, June 24.- Election of officials absorbed the time of the Associated Advertising Clubs of the world, which held its final sessions today, Herbert S. Huston, of New York, it was expected, would be elected president of the association to succeed William Woodhead, of San Francisco. P. S. Florea, of Indianapolis, Ind., was the leading candidate to succeed himself as secretary. Numbers of papers were read at

the final general sessions today, among them one on educational work by Lewellyn E. Pratt, of New York City, chairman of the educational committee. Mr. Pratt said he believed too many educated men think of their education as a private advantage rather than a public asset. "We must understand," he said,

that we are not doing this educational work for our own benefit, but we are carrying it on to higher business levels in the interests of the whole business world."

(Continued from Page 1.) V. Prior, representing Acme Lodge, and B. B. Jones, representing Warren Chapter No. 6; C. L. V. Holtz, F. L. Beggs and C. W. Kent, representing Bigelow Council No. 7, and J. L. Worth, C. L'H Long and F. M. B. Windle, representing St. Luke's Commandery No. 34, Bro. F. L. Beggs was chosen chairman and Bro. E. V. Prior, secretary. This meeting was called for the purpose of proceeding with the organization of a Temple Company, and on motion resolved itself into a meeting of the Masonic Temple Company of Newark, Ohio, proceeding first with

he election of the following officers: Bro. F. L. Beggs, president; Bro. O. C. Parrill, vice president; Bro. F. M. B. Windle, secretary and Bro. C. L. V. Holtz treasurer. The committee previously appointed on regulations and by-laws reported, and the same was received and adopted; further business was then suspended until after supper, and through the kindness of our newly elected president, we took supper at the First Presbyterian church, returnng immediately thereafter to the parlors of the Masonic club, resuming business, at which time various committees were appointed, stock subscribed, etc., and a start made in carnest for a new Masonic Temple for the Masons of Newark.

Frequent meetings were held comoleting the corporation in accordance with the laws of the state of Ohio, and conférring with various architects, until on March 1, 1912 when Mr. Vernon Redding of Mansfield, was selected as the architect.

On March 22, 1812, a mass meeting of all resident Masons was held for the purpose of explaining the progress so far made and for the call for subscriptions of preferred stock. The architect, Mr. Redding. being present at this meeting, presented a sketch of the proposed remple, explaining the plans which had been partially made. Over \$5.000 was subscribed at this

meeting and a committee appointed to assist the Temple Company in soiciting preferred stock subscriptions and which was later put to work with good results.

Frequent meetings were held during the following months, going over the plans in detail and on August 26, the contract for the excavation was given to W. H. Weekley, who started the work September 3. On September 16 the contract for the foundation was awarded to Charles F. Wagenheim, and which work was completed before the beginning of the winter. The foundation and basement partition walls are all of concrete, the piers being reinforced with steel, and many compliments have been passed by the public on the substantial foundation and the excellent work of Contractor Chas.

F. Wagenheim. On September 23, the Masonio Temple Company of Newark, Ohio, changed its name to the Newark Masonic Temple Company. This was necessary on account of changing from a corporation not for profit to a corporation for profit, and at this time all transfers were made in accordance with the laws of the state

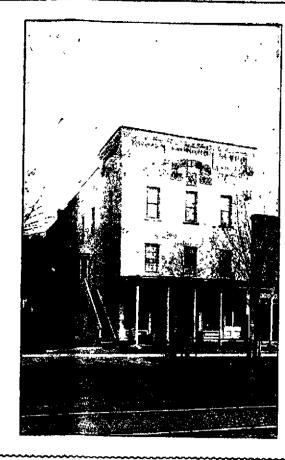

On January 1, 1913, the contract for the general construction was awarded to W. C. Handshy & Son of Zanesville.for \$50.259.and the contract for the cement and concrete construction was awarded to Showers & Taylor of Crooksville, for \$13,081. On January 3, the contract for heating, ventilating, plumbing and gas piping, was awarded to the Huffman Conklin company of Columbus, for \$8,608, and the centract for the electric wiring was awarded to the Newark Electric company of Newark for \$1,985. On February 22, after considerable investigation, the brick was selected and the contract given to the Clay Craft company of Columbus.

The work did not progress as fast as the members and directors would have liked, but the delay was unavoidable, due principally to the furnishing of the steel furnished by the band.

Champion Steel Co., of Kenton, O. The diffectors of the Newark Maonic Temple company have had many perplexing problems and davoted considerable time to this pronosition, but they feel that their efforts have not been in vain, and the city has a Masonic Temple, which the Masons of Newark and all Licking point to with pride.

The corner stone of the present Masonic Temple was laid June 24, 1913, with ceremonies impressive and inspiring. The occasion was one which hundreds of men prominent in Masonic circles in Ohio were present and the program carried out on the building site was witnessed and heard by thousands. VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulator, it's great. It's a per-fect substitute for ordinary calo-mel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it Leves no mean, disagreeable aftereffects. Physicians recognize this and prescribe may apple root (podophyllin, they call it) daily.
Combined with four other stand-

ard, all-vegetable remedies, mayapple root may now be had at most any druggist's in convenient sugarcoated tablet form by asking for Sentanel Laxatives. If you forget the name, ask for the box that has

the picture of the soldier on it. These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Sentanel Remedies Co., 802 Madison Ave., Covington, Ky.

I generally work in the garden and over-exerted myself. I felt all worn-out and nad pains through my back. I took about six boxes of Doan's Kidney Pills, which I get at Crayton & Co's drug store and was well repaid with a lasting cure"

HAIRS WITH SAGE TEA

With Sulphur, it Restores Natural Dark Shade. Guaranteed.

Two boys were playing at the home of one of them when the latter was sent on an errand and his friend went with him. On the street they met a gang of fough boys spoiling for a fight. One of the two had been taught to fight whenever he was attacked. The other had been taught to defend himself, but do no unnecessary fighting.

The latter sized up the situation at a glance. It was impossible for the two boys to stand up against the gang, and he had no pride that required him to undertake an impossible task. He was prepared to fight one at a time, but he had that better part of valor which suggested a discreet retreat, with an appeal to the police or some adult.

We should guard against cultivating that false sense of honor which will lead a boy to do foolhardy things in upholding a perverted idea.

Datk Shade. Guaranteed.

Sage Tea, combined with Sulphur, has been the favorite remedy for generations for darkening gray hair. Your grandmother made this compound herself, but you can save yourself the trouble and at the same time have a far more effective combination if you get from your druggist a foc hottle of Sulpho-Sage. Local druggists say it contains all of the virtues of the good old fashioned preparation plus other ingredients which are found to be of exceptional value.

No matter how long will bring back the gray. Sulpho-Sage will bring back the will stimulate it to new life and leave it glossy, lustious and youthful looking. It restores rolor naturally and evenly. It is entirely unlike hair stains or dyes, because they leave a duil, lustreless effect which tells what you are using. No one will know you are using sulpho-Sage. Goodyear Fortified Tires Cost Users \$5,000,000 Less

Our last price reductionmade February 1st-will save Goodyear users about five million dollars this year. And that was our third reduction in two years, totaling 45 per cent.

Yet Note This

Yet Goodyear Fortified Tires embody many extras. Five are costly features found in no other tire. The rest are found in few.

If we omitted those extras, we could save on this year's probable output \$1,635,000. We could add that to our profits, yet Goodyear tires would look as good as now. This year's

improvements alone will cost us \$500,000 this year. All to give you ex-

tra wear. And we shall spend \$100,000 on research this year to find more improvements still.

They Are Yours

These extras belong to you. They mean less rim-cuts, less blowouts, less loose treads. They mean more rubber, more fabric, more mileage, less trouble. Most tire users know that, so Goodyear tires far outsell any other.

Prove it yourself this summer. It will bring you tire contentment.

Any dealer, if you ask him, will supply you Goodyear tires.

Men are now adopting Goodyear tires faster thanwecansup. ply them. We have neverseen anything like it.

A Simple Constipation Remedy—Try It

For quick, positive relief from constipation, sour stomach, biliousness, inactive liver, bad breath, and all the ills that follow them nothing as yet has been found to quite equal that old, time-tried compound of may-apple root, aloes

and jalap. Recognized as one of the standard remedies, physicians daily prescribe it, many preferring it to all others, and especially calomel. They like it because, being purely vegetable, it's not nearly as harsh as calomel; it never gripes; is never followed by any of the dangerous after-effects that so often result from the use of calomel.

This standard remedy, ready-prepared, may now be had under the name of Sentanel Laxative Tablets. Be sure you get the original Sentanel Laxatives, put up in the box that has the picture of the soldier on it. In this form it is much more convenient and easier to take than in the old-fashioned powder or capsule form-cheaper, too; a 10c box of Sentanels should last one several weeks.
